

ESNM – TSG; Hands-on Motility Course for Trainees

Supported by United European Gastroenterology

15 - 18 June 2016

**Ege University, School of Medicine,
Sect. Gastroenterology. Izmir, Turkey**

www.esnm.eu/education/educational-meetings

This course aims to meet trainees with the experts of motility field in small groups, showing traditional as well as new modalities and discuss patients.

At the end of the course, participants will understand;

- 1) Esophageal high-resolution manometry for motility disorders, 24h pH monitoring, 24h multichannel intraesophageal impedance, anorectal high-resolution manometry (live demo) and anorectal function tests for constipation and incontinence (live demo)
- 2) New version of Chicago HRM classification at motility disorders (normal and achalasia cases with live demo)
- 3) Software analysis of those techniques and diagnose first normal/ordinary motility disturbances and followed by difficult cases
- 4) New technologies such as ambulatory HRM, Endoflip etc.
- 5) An opportunity to discuss the difficult cases presented in live videos with experts.

APPLICATION

- Deadline; 15th May 2016
- Participants are going to be informed within one week.
- Please send your CV to serhatbor@yahoo.com

PARTICIPANTS

- Twenty participants.
- The courses will be organized at 15-18th June, 2016.
- Course date: 16th & 17th.
- Course language: English

SELECTION CRITERIA

1. Must be born January 1, 1976 or later.
2. Must have fluent English
3. Must currently work in a center which has or will have motility and intraesophageal pH monitoring equipment
4. The scientific interest of the applicants in the specific topics of the Course.

FACULTY AND RESPONSIBILITIES

Serhat Bor	: New technologies
Radu Ioan Tutuian	: Esophageal HRM, pathologic cases
Francois Mion	: Anorectal function tests
Daniel Sifrim	: 24h pH-impedance monitoring
REGISTRATION FEE	: € 200

Covering;

- 1) Hotel rooms (bed and breakfast) for three nights,
- 2) Dinners (2), lunches (2 lunch boxes) and coffee breaks (Continual service through day incl. cookies and cold drinks) for Thursday- Friday.
- 3) Certificate, badge, printed and electronic educational materials.
- 4) City tour by bus.
- 5) All group transfers from Hotel to airport and dinners

All participants should cover their travel costs however there will be a limited number of registration fee support for the participants. If a signed letter by the head of the Department /Hospital is provided declaring that participant does not have any financial support, according to the budget, a limited support might be given.

	<u>Group 1</u>	<u>Group 2</u>	<u>Group 3</u>	<u>Group 4</u>
DAY 2: Thursday	Room 1 Esophageal HRM & New technologies	Room 2 Esophageal High Resolution impedance Monitoring	Room 3 24h pH/MII monitoring	Room 4 Anorectal Physiology: HRAM
	Room 2 Esophageal High Resolution impedance Monitoring	Room 3 24h pH/MII monitoring	Room 4 Anorectal Physiology: HRAM	Room 1 Esophageal HRM & New technologies
	13.00-15.30 Lecture room: Software/Data analysis			
DAY 3: Friday	Room 3 24h pH/MII monitoring	Room 4 Anorectal Physiology: HRAM	Room 1 Esophageal HRM & New technologies	Room 2 Esophageal High Resolution impedance Monitoring
	Room 4 Anorectal Physiology: HRAM	Room 1 Esophageal HRM & New technologies	Room 2 Esophageal High Resolution impedance Monitoring	Room 3 24h pH/MII monitoring
	13.00-15.30 Lecture room: Case discussions
