

Invitation

A Day in the GI Motility Lab

A practice-based course on upper GI motility tests

The University Medical Center Utrecht is pleased to offer you a practice-based course on upper GI motility tests organised under the auspices of the European Society for Neurogastroenterology and Motility (ESNM) and sponsored by Medical Measurement Systems.

Program

Live interactive video demonstrations of:

- Oesophageal manometry: conventional manometry & high resolution manometry (HRM)
- Stationary oesophageal impedance measurement (transit)
- 24-h oesophageal pH-impedance/pressure monitoring
- Antroduodenjejunal manometry

in patients with:

- non-obstructive dysphagia
- non-cardiac chest pain
- reflux symptoms
- belching, aerophagia, rumination
- (suspected) intestinal pseudo-obstruction

Target group

Physicians (and other health care professionals) charged with GI motility studies. The course will be useful both for beginners and more experienced attendees.

Date

Friday, 19th June 2009
